# What is CASE<sup>®</sup>? Competencies and Academic Standards Exchange<sup>®</sup>

A digital (machine-readable) format for recording, publishing and exchanging academic objectives, competencies and skills.

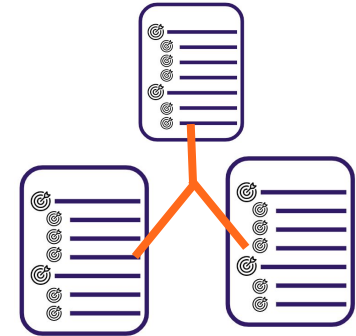

## CASE Framework

A hierarchical document with academic/learning objectives

## CASE Framework Item

Each individual academic objective

## Associations

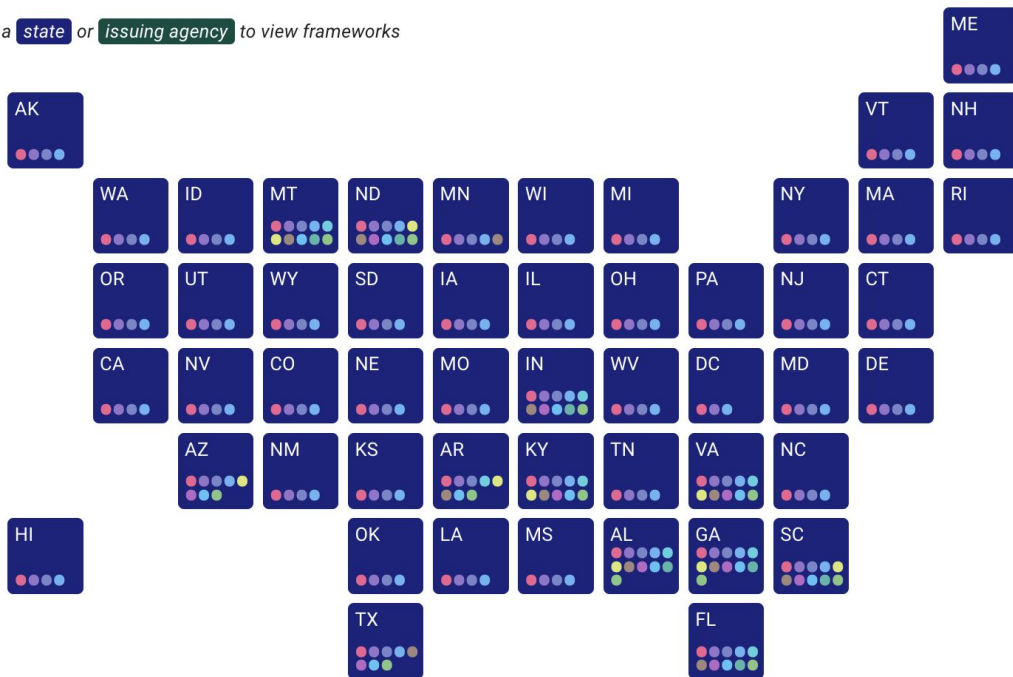

To other standards or other documents

# A Central Repository of Academic Standards

CASE Network 2 is a breakthrough collaboration that establishes a single open repository service for K-12 state and national academic standards and competencies. When learning standards are in the CASE digital format and accessible through CASE Network 2, it's faster, easier, and less expensive to align digital resources, instruction, and assessments.
