Safe harbor statement

Statements in this presentation relating to Oracle's future plans, expectations, beliefs, intentions, and prospects are "forward-looking statements" and are subject to material risks and uncertainties. A detailed discussion of these factors and other risks that affect our business is contained in Oracle's Securities and Exchange Commission (SEC) filings, including our most recent reports on Form 10-K and Form 10-Q under the heading "Risk Factors." These filings are available on the SEC's website or on Oracle's website at <http://www.oracle.com/investor>. All information in this presentation is current as of July 2024 and Oracle undertakes no duty to update any statement in light of new information or future events."

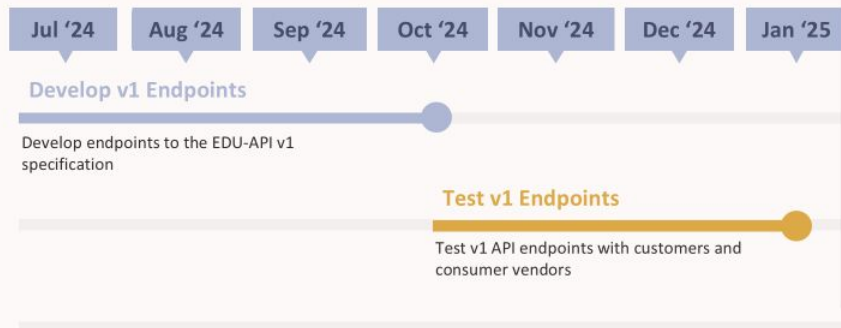

How is Oracle investing in Edu-API?

PeopleSoft Campus Solutions initial testing initiative

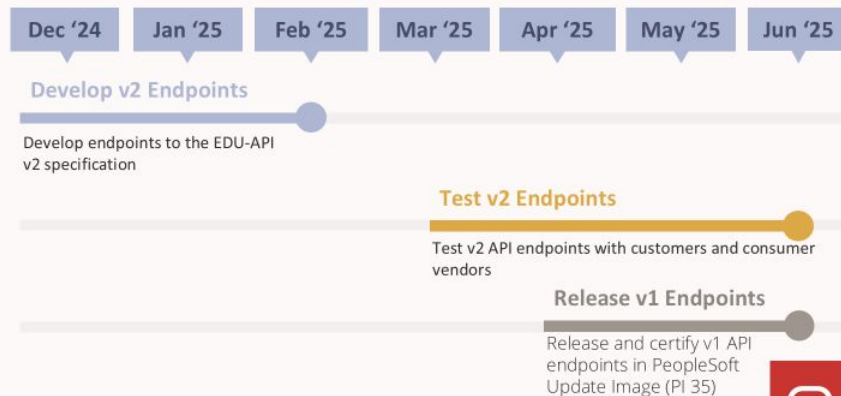

Project Phase 1A:

- Aligns with EDU-API v1 specification (available)
- Planned Release Target: June 2025 (PI 35)
- Scope: Full sync - Provision: Persons, Academic Structures and Periods, Scheduled Curriculum, and Student Enrollments

Project Phase 1B:

- Aligns with EDU-API v2 specification (pending)
- Planned Release Target: Fall 2025
- Scope: Full sync – Provision and Receive: Class grade results (mid-term and final) associated to classes and students

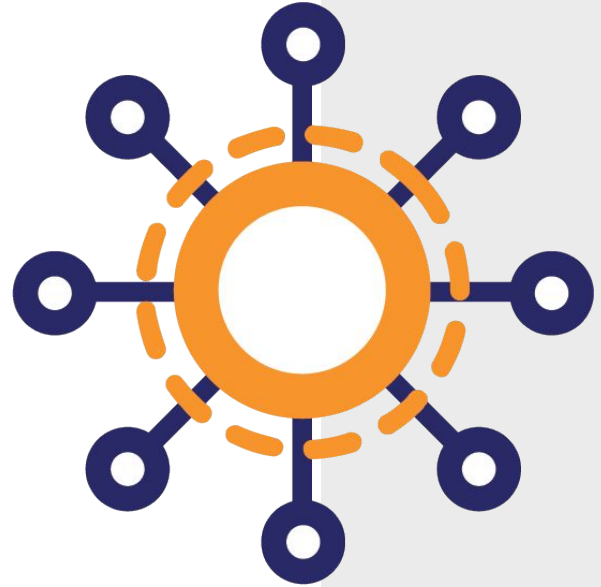

Panel Discussion

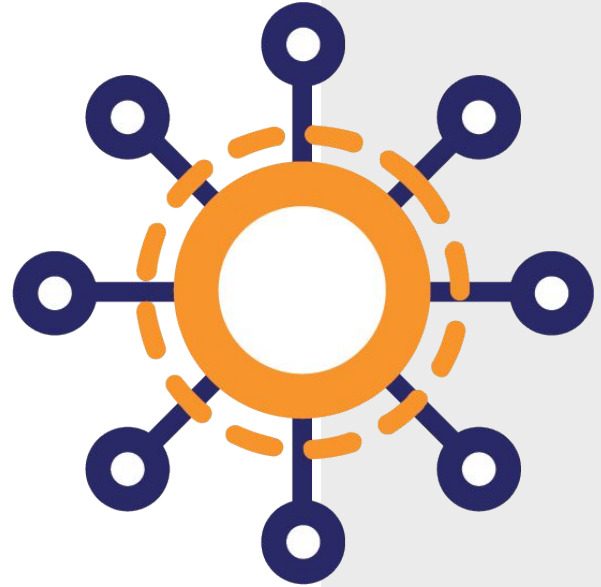

Panel Discussion

From a technical perspective, what benefits do you see Edu-API bringing to your institution?

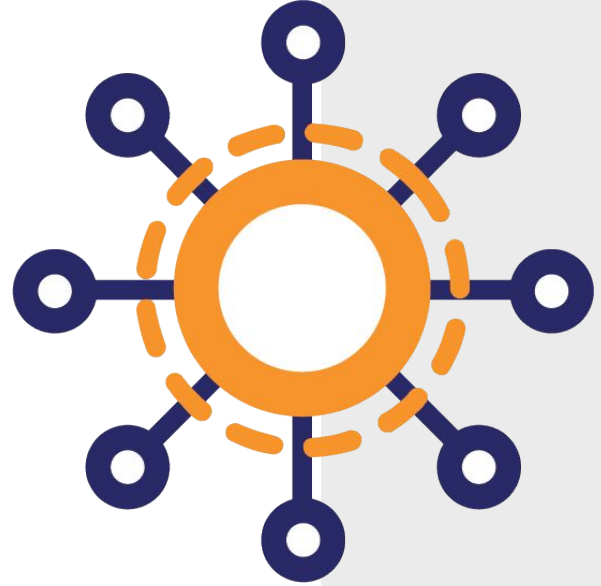

Panel Discussion

What makes a data standard widely applicable to a global and diverse higher education sector?

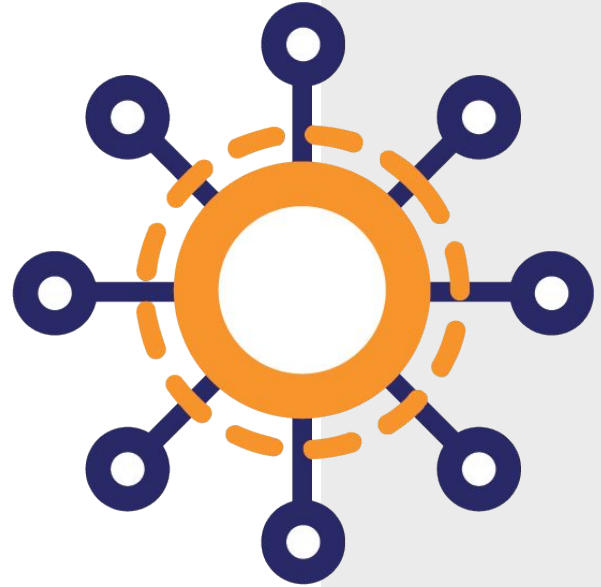

Panel Discussion

How does a standard like Edu-API have the potential to positively impact stakeholders?

Panel Discussion

**What excites you about the
Edu-API Standard?**
