

Service Provider Membership

Why Join 1EdTech

Service providers do more than implement standards. They help clients understand why standards matter for growth, procurement readiness, and long-term system sustainability.

Build relationships with decision-makers across K-12, higher ed, and the edtech provider community.

Demonstrate to clients and partners that your team understands the standards shaping procurement, interoperability, and digital trust.

Shorten implementation time by aligning to the standards and requirements institutions expect.

Develop team expertise and consistency through programs like the 1EdTech TrustEd Apps Certified Leader Program.

Who Is Membership For?

- ✓ Consulting firms and system integrators
- ✓ Managed service providers
- ✓ Advisory and implementation partners
- ✓ Independent consultants and small firms
- ✓ Organizations supporting institutions, vendors, governments, or industry.

What Do You Get?

Visibility in the 1EdTech ecosystem through participation and directory presence.

Opportunities to connect with institutions and providers working through real implementation needs.

Access to the standards knowledge and community shaping trusted digital learning.

A peer network to share best practices on integration, adoption, and outcomes.

“1EdTech sets the foundation for interoperability. We help institutions and edtech providers bring that vision to life by turning standards into everyday practice.”
